

Scott Brown, CEO, has more than 20 years of entrepreneurial management experience leading start-up service and energy companies. After consulting with Bain & Company in the early 1980s, he joined the founding management team of First Solar in 1988, one of the first thin film photovoltaic manufacturers in the U.S. He left First Solar in 1989 to become President and CEO of Glasstech Solar, Inc, a manufacturer of semiconductor equipment for the photovoltaic industry. Previously, Mr. Brown had been a consultant to Whitney & Co., a \$4 billion private equity company, evaluating investments in renewable energy markets, including a photovoltaic industry component manufacturer and a wind energy finance start-up. Mr. Brown is a member of the National Advisory Board of the National Renewable Energy Laboratory. He holds a B.A. from Dartmouth College and a J.D. from Harvard Law School.
